

RUMBLEFISH

ADVENTURE  
WWW.SCUBATUNA.COM

### Learning to scuba dive has never been more convenient!

Whether you're on the go or want to take it slow, now you can complete the knowledge development portion of the PADI Open Water Diver Course, the PADI Advanced Open Water Course, the Digital Underwater Photography or the Enriched Air Course online with PADI eLearning. It's a great match for your active schedule.

**The advantages of eLearning** are numerous and we have listed a few below to help you understand their merits.

- ✓ **You can complete the theory at home** and hence your course in Phuket with us is shorter. In some cases like the Open Water Diver Course, eLearning reduced one whole day from your course.
- ✓ You avoid having to spend a whole day in the classroom while on holiday and instead can use this day to **be a Beach Bum** or better still get another day of FUN diving in after your course.
- ✓ You can complete the theory **at your own pace** without feeling pressured into completing it at the same pace as your class.
- ✓ You can **approach us for help at any time** through the eLearning process with the click of a button.
- ✓ You could potentially place an order for equipment that you would like to buy and **engage in online discussions** on dive topics with us.
- ✓ If you are enrolling your kids in any of the courses, through eLearning you can begin their preparation well ahead of the start of the in-water portion and ensure that they understand all aspects of dive theory well and have enough time to grasp all the concepts.
- ✓ As different children have different learning pace, eLearning is a great option for kids who sometimes need more time to learn the material than adults do.

After you complete all the segments of the PADI Open Water Diver course online, you can print your eLearning Record and bring it in to start your underwater adventures.

#### **GO Dive:**

You'll learn and master dive skills from one of our highly-trained PADI Instructors during confined and open water dives. The skills you learn during these dives will prepare you to explore a whole new world. Start today on a lifetime of adventure and fun!

- Convenient online access to knowledge development course material for one year
- Unlimited and unrestricted access to an online version of the PADI Open Water Diver Manual
- At your own pace complete knowledge assessments
- Visit during business hours or [contact us](#) anytime via email to register
